Push®

All Purpose Cleaner and Odor Eliminator
A high performance, odor controlling Probiotic cleaning solution. Naturally digests and penetrates dirt buildup, grease and grime from a variety of surfaces. Product attacks malodors at their source instead of masking them. It is a biodegradable non-hazardous liquid that can be used on a multiple surfaces and soils, like, carpets, pet stains, trash bins, garbage containers, urinals and floor surfaces. Product can be applied by mop, brush or spray. Available in three great scents - Mango, Lemon and Sage, and Classic Mint.

Features

Cleans and eliminates odors naturally.
Outperforms competitive products - Probiotics grown by Betco continue to work for 21 days after initial application.
Safe to use on any surface not harmed by water.

- Mango 4 - 1 Gal. Bottles Item #260804-00
- Mango 12 - 32 oz. Bottles Item #260812-00

Directions for Use

Be sure to pretest before using.

- HARD SURFACE CLEANING AND ODOR CONTROL: Dilute 4 - 8 ounces per gallon of water and apply directly to surface.
- RESTROOMS: To deodorize urinals and bowls, apply to surfaces and surrounding area.
- FLOORS: Dilute 2 - 5 ounces per gallon and mop directly onto floor. Pour excess directly down the drain.
- CARPETS: For pet odors, pour directly on odor spot. Blot with a clean white cloth. Repeat if the odor persists.
- CARPET MACHINES: To deodorize carpets, add 1/4 cup of product to the solution tank.
- DRAINLINES AND DOWN PIPES: Use product a minimum of 2 times weekly, to a maximum of 4 times. Start on the lowest floor and work 1 floor per day. Do not treat the same floor twice. When the top floor is reached, continue treatment for the top floor only.
- PIPE SIZE/DOSAGE/FREQUENCY: 2"/4 oz./2 times/wk.; 4"/8 oz./2 times/wk.; 6"/12 oz./2 times/wk.; 8"/16 oz./2 times/wk. *GREASE TRAPS: For less than 20 cubic feet capacity, add 4 - 5 oz. of product daily by pouring into a sink or pipeline closest to the trap. Perform when the traps are used the least. Flush down with 1 cup of lukewarm water. For traps larger than 20 cubic feet, add 8 - 10 oz. daily using the same procedure.
- SEPTIC TANKS: Initial treatment, add 1 pint per 25 cubic feet capacity. Thereafter, use 8 oz. per week. Pour directly into toilet and flush.
- NOTE: Do not subject this product to disinfectants, boiling water or chlorinated products. Please consult your local solid waste agency, drain commissioner, or water quality contact for determination on appropriate disposal of unused material. Please recycle empty containers. Improper use or dilution may damage surfaces and increase the risk of health effects.

Tech Specs

Bacteria Count	300 billion CFU per gallon
Color	Milky white
Effective pH range	5 - 10
Effective Temp Range	50-100 F
Flammability	Nonflammable
Fragrance	Various
pH	6.50 - 8.50
Warranty	2 years
