High Alkaline, Non-Butyl Industrial Degreaser - Designed for the toughest jobs, this product takes over where competitive degreasers fail. This product quickly removes the heaviest soil loads including grease, carbon, tire marks, motor oils and more from concrete surfaces and other hard surfaces. Low-foaming and can be diluted with up to 100 parts water, this product is economical to use and works best when partnered with pressure washers and auto-scrubbers. Excellent for daily and restorative cleaning of engines, sidewalks, driveways and automotive bays and warehouse shop floors.

PRODUCT FEATURES

- » Versatile - Concentrated cleaner for light to heavy duty cleaning
- » No harmful vapors or toxic solvents
- » Low sudsing formula - Great for automatic scrubbers and pressure washers
- » Works well in hot, cold, hard or soft water
- » NSF Certified for use in all regulated food processing and food service environments.
