

Extraction Rinse

PRODUCT ICONS

Product Category:

CARPET

ITEM #KL-FCCCEX2 (1-GALLON BOTTLE - FOUR PER CASE)

Softens, Renews, and Removes Chemical Residues - Highly effective rinse additive that revitalizes fabric and upholstery while preventing streaking and browning. Flushes and eliminates detergent residues from extraction cleaning, shampooing or bonnet buffing - that when left untreated causes resoiling. Excellent for coffee, tea and light rust stain removal.

PRODUCT FEATURES

- » Eliminates browning caused by alkaline build-up from shampoo residue
- » Powerful - Dual acid formula
- » Removes difficult, stubborn stains

PRODUCT SPECIFICATIONS

Brand	KleenLine PRO
Product Category	Carpet
Color	Clear
Fragrance	Characteristic
pH	0.1 - 2.0
Detergency	--
Foam height	--
Residue	None
Relative density	1.007
Packaging	1 Gallon
UPC barcode	810037736410

INGREDIENTS

Water (7732-18-5); Hydrochloric Acid (7647-01-0); Ammonium Bifluoride (1341-49-7), **No Phosphates**

DIRECTIONS

Always vacuum carpet thoroughly to remove loose soils. Pre-test carpet for colorfastness in an out-of-sight area. Thoroughly vacuum the carpet after it dries to remove any potential residue remaining.

To Neutralize Alkali Residue: As a post rinse aid to neutralize alkaline residue from cleaning, dilute at 1:128 (1 ounces per gallon of water).

Prespray and Rinse Extraction: Apply your favorite carpet prespray and extraction cleaner to carpet according to label directions. Allow the prespray or extraction cleaner to dwell for 5-10 minutes to loosen soil. Extract with product diluted at 1:128 (1 ounce per gallon of water).

For Rust Removal: Use product as is and spray the area lightly. Allow product to dwell 3 – 5 minutes and blot with absorbent towels. Extract area with water thoroughly. By using Individual Rinse through the extraction machine, it prevents the jets from clogging which could cause streaking during extraction.

EXPERTLY DESIGNED FOR PROFESSIONALS!

KleenLine® is an exclusive BradyPLUS product line for the Facility Care market. The wide range of products enables customers to meet budget and cleaning objectives and solve all cleaning challenges from the simplest to the most complex. KleenLine® provides quality tools and solutions that are built to withstand the demands of the professional and assist with doing the job more effectively and efficiently.
