WHY

WHAT

The All-In-One Cleaning Solution For Healthcare

With a single technology you can **steam, sanitize, vacuum** and **clean all surfaces**.
Only steam, no chemicals, no hassle.

The Only System with a Germicidal Water Filter

Blue Evolution is the **only steam cleaning vacuum system with a built-in germicidal water filter and UV light** — ensuring that no dirt or bacteria are released back into the air.

Made for the USA market.

GERMAN engineering.

ITALIAN craftsmanship.

High Traffic Area

Kitchen / Dining Area

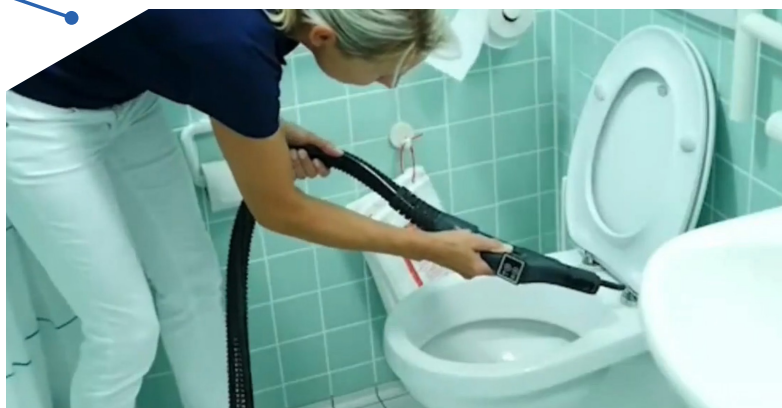

Total hygiene, across every space.

WHERE

Patient Room

Bathroom & Restroom

Patient Room

No stains, no damage: carpets & floors cleaned with dry steam, chemical-free and safe!

Need to clean mattresses on-site? Steam removes stains and odors fast!

Chairs and sofas cleaned and refreshed: stains out, upholstery protected and dry!

Bed frames and wheels cleaned thoroughly: even tight areas sanitized without chemicals!

Bathroom & Restroom

HOW

Seats, bowls and buttons—**cleaned without touching a drop.**

Want to cut limestone without chemicals? **Steam clears buildup fast!**

Clean, renewed grout lines effortlessly.

Showers in windowless bathrooms: **mold and scum gone fast, area left dry and safe!**

Kitchen Dining Area

Hoods spotless in seconds. Steam lifts grease without dirty water dripping below.

Professional kitchen hygiene made easy in hotels with an **all-in-one technology.**

Deep cleaning and vacuuming together, even in the dirtiest kitchens.

From sticky to sanitized: tables and bases cleaned fast with dry steam!

High Traffic Area

HOW

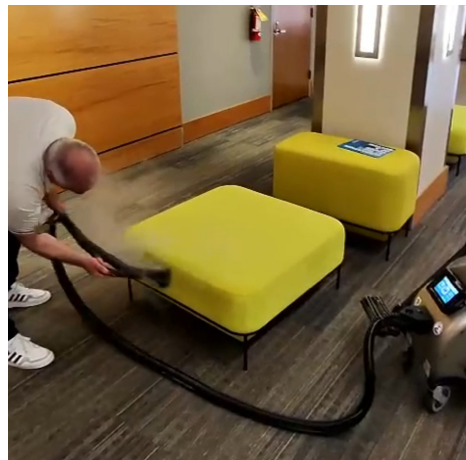

Elevators cleaned top to bottom: steam kills germs on buttons, floors, and walls!

Fingerprints gone, no more streaks: mirrors cleaned in one pass, dry and spotless!

Gym mats left clean and dry: **sweat and bacteria gone**, ready for use.

Soft surfaces sanitized and refreshed, from sofas to fabric panels.

Patented in the USA

**World's First Steam + Vacuum + Water Filtration
+ UV Cleaning System**
